Cleaning products with a abrasive pad or scrub sponge voids the warranty which includes PVD finishes, POM material, and chrome finishes.

- 3) To prevent water spotting, always wipe finishes dry with a clean soft cloth.
- 4) For normal cleaning, just wipe with a damp cloth and dry with a soft cloth. If necessary, regular glass cleaner can be used.
- 5) Use of plumbers putty on POM material strainers and disposal trims will void the warranty.
